

27.1.26

Dear Families,

As I'm sure you know, we love reading at Springwell and all things book related. It is National Storytelling Week next week and your child will enjoy assemblies around this theme this week and next. Hartlepool Library Service would also like to promote a love of reading for all children in the town. They have been in contact with us to promote their service. If you have always wanted to join the library but never found the time, we are bringing the library service to you!

To get a library card for your child please complete the attached form and return it to us. Child's details in the top section and an adult's details at the bottom. We will then pass the forms on to the library, they will issue a card and then we will pass the library card on to you. A world of books will then become available to you and your child.

Happy reading for everyone,
Caroline Derbyshire
